Atracto & Atracto Touch

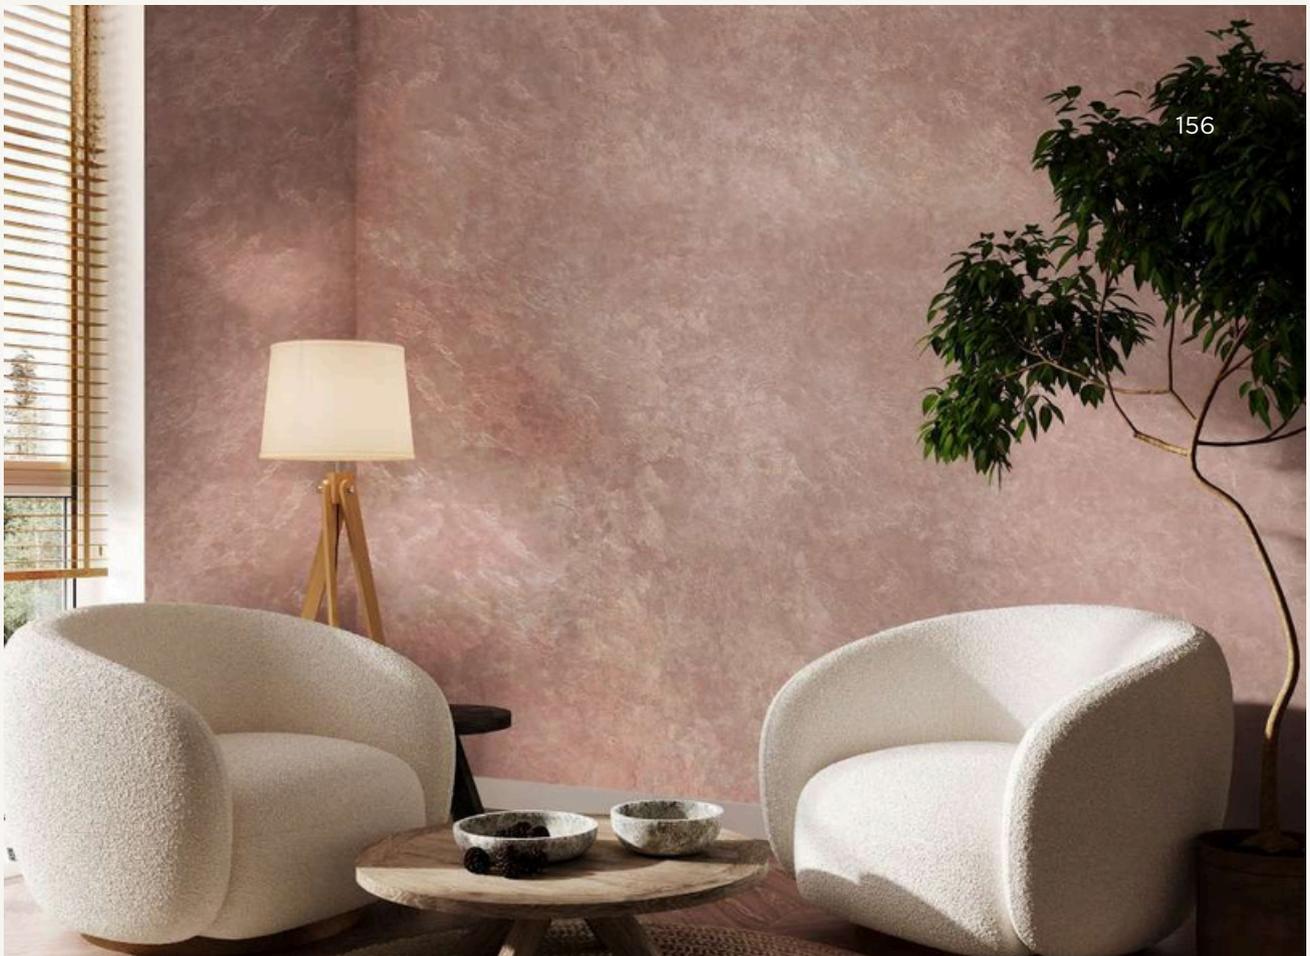

Metallic Pearlescent Effect Decorative Paint

A Luxurious Touch for Every Surface

Atracto features a silky texture, acrylic emulsion, and metallic pigments, offering two pearlescent base options in gold and silver. Its rich metallic finish brings a touch of sophistication and shine to your interiors. Atracto not only stands out with its aesthetic appeal but also impresses with its ease of application and high performance. Atracto is suitable for both interior and exterior facades and offers versatile solutions. When thinned, it can also be used as a decorative topcoat finish over Travertino and Obiante products, enabling stylish and functional results across various surfaces.

Atracto's alternative version, Atracto Touch, is washable, ensuring easy cleaning and low-maintenance convenience to simplify your life.

Nostalgie

Antique Stone Effect Decorative Coating

The Classic Elegance of the Past

Nostalgie recreates the rustic and historical texture of natural stone walls with an antique stone effect, bringing together classic and modern elements seamlessly. This adds warmth and an inviting atmosphere to any space.

Thanks to its soft structure, Nostalgie allows for easy creation of desired patterns on surfaces. With its acrylic emulsion base and fiber reinforcement, it offers a durable and long-lasting coating.

When combined with the Nostalgie Finish Decorative Topcoat, it creates rustic finishes and can be colored using a tinting machine. By creating a natural stone texture, this effect—compatible with both traditional and modern decoration styles—adds a sophisticated touch to interiors.

With its unique color options and impressive pearlescent sand-textured effect, it brings an aesthetic, eye-catching look and a sophisticated atmosphere to your living spaces. Available in Silver, Gold Light, and Gold Dark bases, it allows you to create various decorative effects.

Standing out with its ease of application and high performance, Sandeco Art enhances interiors with meticulously designed decorative surfaces. Its alternative version, Sandeco Art Velvet, features a finer grain and a softer texture, creating even more refined surfaces. Available in Silver and Gold Light bases, it offers a variety of elegant decorative finishes.

Travertino

Travertine-Look Decorative Coating

Natural Elegance that Inspires Interiors and Exteriors

Travertino is a mineral-based decorative coating with natural ingredients, suitable for both interior and exterior applications. It brings the look of travertine to any surface, infusing living spaces with the warmth and elegance of natural stone. Whether used inside or outside, Travertino adds a stylish and inviting atmosphere.

Notable for its durability and aesthetic appeal, Travertino becomes an ideal choice for those seeking a natural stone finish in various textures and colors—especially when combined with San Deco's diverse Decorative Topcoat Products and unique Stencil collections.

Vivaldi

Velvety Textured Pearlescent Metallic Effect Decorative Paint

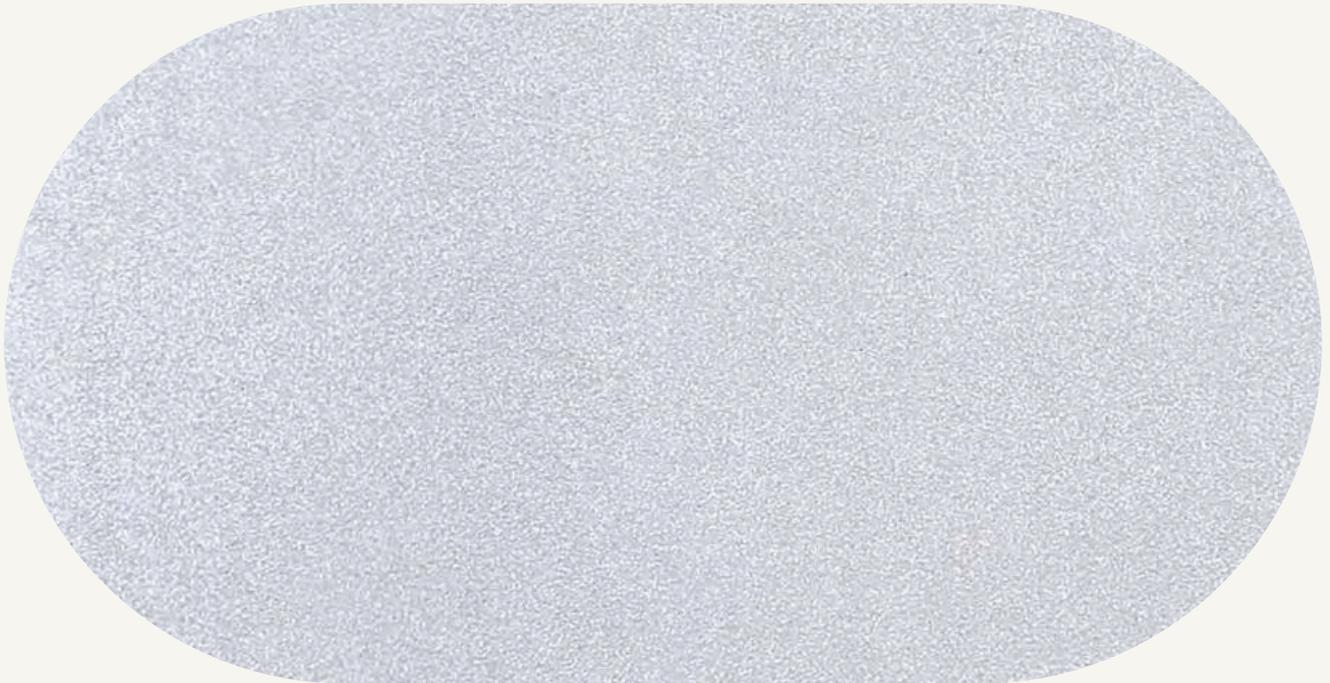

A Sparkling, Luxurious Touch for Your Interiors

By delicately reflecting light on the surface, Vivaldi adds depth and a sense of luxury. Its velvety texture goes beyond a simple appearance, offering a noticeable elegance and refined aesthetics that elevate your spaces.

Thanks to its acrylic emulsion base and special pearlescent pigments, Vivaldi comes alive as light reflects from different angles, bringing a luxurious atmosphere to your walls. Combining visual grandeur with tactile grace, this sophisticated coating offers the perfect harmony of softness and radiance in your interiors.
