

Nostalgie

Antique Stone Effect Decorative Coating

The Elegance and Classical Texture of the Past

Nostalgie recreates the rustic and historical texture of natural stone walls with an antique stone effect, bringing together classic and modern elements seamlessly. This adds warmth and an inviting atmosphere to any space.

Thanks to its soft structure, Nostalgie allows for easy creation of desired patterns on surfaces. With its acrylic emulsion base and fiber reinforcement, it offers a durable and long-lasting coating.

When combined with the Nostalgie Finish Decorative Topcoat, it creates rustic finishes and can be colored using a tinting machine. By creating a natural stone texture, this effect—compatible with both traditional and modern decoration styles—adds a sophisticated touch to interiors.
